DREYFUS VINDICATED

After Twelve Years French Officer
Honorable Acquitted.

RESTORED TO RANK.

In a Decision Requiring Over One
Hour to Render All Points In
Rennes Courtmartial Pro-
ceedings Annulled.

Paris, July 12.—The supreme court has
annulled the condemnation of Dreyfus without a retrial. The effect of this decision is a complete vindication of Dreyfus, entitling him to restoration to his rank in the army. The decision of the court was read by the presiding judge, M. Ballot Beaujuge.

Immediately on the reassembling of the court at noon Thursday the palace of justice was thronged with an eager crowd seeking admission to the courtroom. Among those present were Matthew Dreyfus, brother of Alfred Dreyfus; Maitre Mornard, counsel for Captain Dreyfus; Joseph Reinach, historian of the Dreyfus affair; Colonel Picquart, Madame Zola and many others who have figured in various stages of the celebrated case. Captain Dreyfus

CAPTAIN ALFRED DREYFUS.

was not present, continuing his habitual secrecy by remaining secluded in a garret, where he hitherto has been cut off from the outer world.

The scene as the decision was pronounced was one of impressive dignity. The court, consisting of forty-nine judges, gowned in flowing red robes, solemnly mounted the bench. Deep silence prevailed as the presiding judge read a lengthy decision, minutely reviewing the series of sensational events of the last twelve years and completely exculpating Dreyfus of all wrongdoing, freeing him of the accusation of being author of the famous incriminating documents on which the entire charge was founded and authorizing the annulment of the judgment of the Rennes courtmartial with publication of final announcement of his innocence in fifty newspapers to be chosen by Dreyfus. The reading of the decision lasted an hour, and it was only at the close that the spectators realized the sweeping nature of the vindication. As the final determination was announced there was a buzz of excited comment and some exclamations of approval, which the court officers steadily repressed. Matthew Dreyfus hastily dispatched a messenger to bear the good news to Captain Dreyfus and Madame Dreyfus. Outside the court the crowds received the decision without making a demonstration.

ILLEGAL PURCHASES.

Secondhand Dealers and Pawnbrokers Charged With This Offense.

Lawton, July 12.—By order of Major Charles Taylor, commanding the Thirteenth cavalry at Fort Sill, Lieutenant W. N. Hensley made complaint before the Federal authorities charging M. B. Riling and C. G. Nicewarner, second-hand dealers and pawnshop operators, with violations of United States statutes relative to the purchase of military goods from soldiers and officers. Both men were held in \$500 bond each to await the action of the Federal grand jury. One soldier has been placed under arrest and several others are under suspicion of having disposed of gloves, shoes, hats and coats at pawnshops here. Lieutenant Hensley said that dealers have had repeated warnings of these violations, and that every man suspected will receive rigorous prosecution.

FRIGHTFUL OUTRAGES.

Turkish Troops Are Acting Worse Than Ferocious Beasts.

Tiflis, July 12.—Alarming news has been received here of horrible ravages by Turkish troops across the border in Turkish Armenia. The soldiers, who are collecting taxes, are said to have indulged in frightful outrages. The population of the city of Van is represented to have been nearly destroyed by the Turkish troops, who pulled down houses, assaulted women and acted generally like wild beasts.

PATIENT RECOVERED.

One Case of Yellow Has Prevailed
In Pelican State.

LA PLACE THE PLACE

Physician Having Charge of the Individual Who Was Ill Did Not Make a Report Until Sixteen Days of Sickness.

New Orleans, July 12.—A report that one case of yellow fever developed on June 25 at La Place, La., twenty-nine miles from here, was made Wednesday by the state board of health. The patient is now well.

Because the case was not reported to the state board until sixteen days after it developed Dr. Irion, president of the board, announced that he had asked for legal advice as to whether the physician who attended the patient can be prosecuted under any state law for failure to report promptly the nature of the disease to the health authorities.

Dr. S. Montiguet, formerly a parish health officer, was the physician in attendance, and his report was made by mail to the parish health board July 7, after the patient's recovery.

When the report reached here physicians were sent to La Place to investigate and prevent, if possible, any spread of the disease. They report that since the patient is now well all possibility of diagnosis is now past, but that the history of the case, given by the family, is contra-indicative of yellow fever. The patient's house, and buildings in the neighborhood, were disinfected by yellow fever methods, and other precautions taken.

Although La Place had cases of yellow fever last year, the place was in a house and neighborhood which escaped last year's epidemic.

Dr. Irion sent letters to the health officers of Texas, Alabama and Mississippi, saying that a close watch will be kept on La Place for developments, but that he does not feel any anxiety over the situation.

NO HOPE FOR ADMIRAL.

Chouknin Reported Wednesday Night In Dying Condition.

Sebastopol, July 12.—At midnight Wednesday night doctors attending Vice Admiral Chouknin, who was shot by an unknown person, held out no hope for his recovery.

The admiral's assailant is thought to be one of the sailors of the battleship Otchakoff, and his act is supposed to be in revenge for the execution of Lieutenant Schmidt, the revolutionary leader.

Admiral Chouknin is universally hated by the sailors, and at the time of the execution of Schmidt, March 19 of this year. The first attempt was made by a woman, and after her effort had failed Admiral Chouknin ordered her to be killed on the spot, and his orderlies brutally carried out the sentence in the courtyard. For this, the admiral was again condemned to death by the Revolutionists. His name was never mentioned among his sailors unless it was accompanied by curses on account of his overbearing and severe manner.

This is the second attempt since Schmidt's execution, March 19 of this year. The first attempt was made by a woman, and after her effort had failed Admiral Chouknin ordered her to be killed on the spot, and his orderlies brutally carried out the sentence in the courtyard. For this, the admiral was again condemned to death by the Revolutionists. His name was never mentioned among his sailors unless it was accompanied by curses on account of his overbearing and severe manner.

DEFENDS DEATH PENALTY.

Priest Declares Extreme Punishment Is Justified by God and Christ.

St. Petersburg, July 12.—A curious feature of the debate in the upper house of parliament on the bill of the lower house providing for abolition of the death penalty was a speech made by Father Putkavitch, a priest elected by the orthodox clergy, in which he seriously defended the death penalty on the ground that it is justified both by God and Christ. He cited the laws of Moses and Christ's statement before Pilate as recognition of the right to impose extreme punishment.

The Reich declares the tone of the debate in the upper house Tuesday leaves little hope that this "assembly of bureaucrats, land and commercial magnates, and representatives of the reactionary nobility and clergy, with all its leaven of Liberals," will ever be able to work in harmony with the progressive ideas represented in parliament.

OMNIBUS OVERTURNED.

It Dashed Down a Steep Hill and Six Fatalities Resulted.

London, July 12.—Owing to the brakes failing to act a motor omnibus, running from London to Brighton, dashed down a steep hill near Crawley Thursday morning and overturned. Six passengers were killed and a score badly hurt.

Only Partly Burned.

Winona, Minn., July 12.—The steamboat Quincy was only partly burned.

Judge J. N. Henderson, one of members of the criminal court of appeals, whose term expires this year, and who is a candidate for re-election to the office he now holds, was in the city yesterday and spoke after Judge Bell concluded his speech. Judge Hen-

derson stated that he had been a member of the court of criminal appeals for 12 years; had discharged the duties of his office to the best of his ability and had not neglected his duty as a member, by leaving his post until his court recessed for the summer season, as it always had done. The judge stated that he did not favor the idea of judges getting into a political scramble for a judicial office, dragging the judicial ermine into the mire of politics, yet under our system of electing by primary election, he was compelled to get out and see the people as his honorable opponent had been canvassing for some time. He felt he had made a contract with the people when he asked and the democracy had elected him to office. He had recognized the fact that it was his duty to remain at his post and serve the people in the position he held, that he might earn his salary. Judge Henderson deserves credit for attending to his office.—Denton Monitor.

Every man who attended the Farmers' Congress should take a hand in the movement to upbuild the A. and M. College by bringing his influence and that of his neighbors to bear on the legislature for more generous appropriations. They have had opportunity to judge of the merits and usefulness of the College and can speak from their own knowledge. By so doing they will perform a patriotic duty of present and future import.

CONGRESS HAS ADJOURNED.

Crowd Was Not So Large But Results Were Much More Satisfactory—Members of the Executive Committee.

The ninth annual session of the Farmers' Congress has passed into history and was one of the most successful meetings yet held. The attendance was held down to about one thousand and nearly everyone of them workers who knew what they were there for. Many of them paid their railroad fare and were there for profit and not on a holiday excursion. The results was that there was no waste of time in trying to get a cumbersome, disorganized body of only partially interested men to work. They hit the ground at the depot ready and economized time systematically so as to accomplish as much as possible. The program of yesterday included independent sessions of the several associations yesterday morning and a final general session in the afternoon.

The following were elected on general executive committee of the Farmers' Congress: E. W. Kirkpatrick of McKinney, for the State Horticultural Society, re-elected, H. E. Singleton of McKinney re-elected, Texas Swine Breeders' Association; W. M. C. McKanz, of Renner, re-elected, Texas Sheep and Goat Breeders' Association; W. R. Spann, Dallas, re-elected, Texas Dairymen's Association; Rice Dennis, Milano, re-elected, the Farmers Boys' and Girls' League; Mrs. R. H. Hays, Galveston, re-elected Texas Woman's Industrial Association; J. H. Pope, Marshall, re-elected, Texas Division Southern Cotton Growers' Association; A. S. McHanz, Cuero re-elected, South Texas Fruit and Truck Growers' Association; E. W. Kirkpatrick, Sherman, re-elected, Texas Nurserymen's Association; W. H. Laws, Beeville, re-elected, Texas Beekeeper's Association; J. M. Nance, San Antonio, Texas Jersey Cattle Club; E. S. Peters, Calvert, Texas Alfalfa Growers' Association; Ed R. Bumpas, Terrell, re-elected, Texas Corn Growers' Association; J. C. Pane, Amarillo, re-elected, Pannandale Farmers' Congress; T. C. Collins, San Antonio, re-elected Texas Immigration Association; E. CABINET RESIGNS.

Russian Emperor Is Not Yet Ready to Act Upon the Same.

St. Petersburg, July 12.—Finance Minister Kokovoff is given as authority for the statement that the resignation of the entire cabinet is in the hands of the emperor. So far as can be learned, however, his majesty is not yet ready to charge the Constitutional Democrats with the task of forming a ministry and is still seeking a compromise issue by forming a coalition cabinet, composed of more solid Conservative and Liberal elements in the lower and upper houses of parliament under the leadership of Count Heyden and M. Stakovich. The Russ says the country is not yet ripe for the acceptance of principle for a responsible ministry.

Grand Duke Nicholas Nicholaiavitch, commander of the guard corps and troops in the military district of St. Petersburg, tendered his resignation to the emperor on account of the Preebrejensky affair, but his majesty declined to accept it.

SAVED BY SINGING.

Lady So Charmed Mountain Lion That He Did Not Devour Her.

Chicago, July 12.—Mrs. John Underwood of New York, says a Record-Herald special from Omaha, who has been camping with her husband in the Black hills, owes her life to songs, which saved her from a mountain lion, which attacked her Tuesday night. The animal leaped on the lady, knocked her down and stood with its forefeet on her breast. Mrs. Underwood screamed, but suddenly remembered that ferocious beasts sometimes are tamed by music, and began to sing. As long as she sang the animal stood harmless, but whenever she ceased it growled and appeared as if about to kill her. All night long she kept up her song, and yesterday morning, when almost overcome by exhaustion, she was found by her husband with the lion standing over her. Mr. Underwood shot the animal.

THIRTEENTH FLOOR FIRE.

Missouri Pacific Railway Building at St. Louis Is Damaged.

St. Louis, July 12.—Fire damaged early Thursday the thirteenth floor of the Missouri Pacific railway building. It originated in a room where the old records are kept. All downtown towers and extension ladders were brought out, but would only reach to the sixth floor. Pipe lines were carried through windows and hoisted by means of ropes. The attic on the thirteenth floor, where the fire originated, is a low piled room, and the firemen worked lying down. Hallways and corridors were flooded with water, which ran in a stream down the elevator shaft. The store room is filled with many records, which may be of great value.

TRAINS COLLIDE.

Both Engineer and One Brakeman Were Severely Injured.

Philadelphia, July 12.—An express train known as the Philadelphia special on the Pennsylvania railway collided with a freight train which was being shifted at Glenn, Pa., about twenty-five miles west of Philadelphia. Passengers on the express were shaken up and bruised, but none seriously injured. The engineers on both trains and a brakeman on the express were severely, but not fatally hurt. Owing to a fog the express was running slowly, which probably prevented more serious results.

LARGE AMOUNT STOLEN.

Over One Hundred Thousand Dollars Taken From a Steamer.

Seattle, Wash., July 12.—More than \$100,000 consigned to the Alaskan Pacific Express company has been stolen from aboard the steamer Ida May and no clew been discovered as to who the robbers are. The shipment was sent from Fairbanks and transferred at Nenana. The Ida May was to transfer it to the Sarah at Fort Gibbon, and it was there the loss was discovered.

They are in competition for a cup donated by Charles J. Glidden of Boston. Two pilot cars will distribute confetti along the route to guide the tourists.

ROGERS PRAIRIE MATTERS.

Will Collard Attending Reunions and Enjoying Life—Hears Whistle of the T. & B. V.

Am over here having the time of my life; fishing, hunting, going to reunions, and lying around eating yellow-legged chickens.

The Old Veterans' reunion here on the 3rd and 4th was glorious—some 1500 or 2000 present and all had a fine time listening to the many experiences as related by the old soldiers. It was indeed very interesting to hear these old veterans who fought so gallantly tell of their experiences during the war; it brought tears to the eyes to hear them tell how hard it was to leave their dear ones and perhaps to never gaze upon dear faces again. I sat as one entranced and was sorry when the last man had related his experience. Heard several say they had the largest crowd that was ever together there. I ran across several old Bryanites, among whom were Rufe Connor, Joe Wren, Frank Wilson, Malone Farrar, Ab Andrews, Dave Garth and several others.

Crops over this way are in good shape, and everybody in excellent spirits. The corn crop is not so good, but is doing as well as could be expected.

The railroad is rapidly pushing its way through. The T. & B. V. will be within three-fourths of a mile of where I am by 7 p. m.; can hear the whistle occasionally.

Great preparations are being made for a big time at Zulch (Willow Hole) when the railroad gets there. It is expected to reach there between the 15th and 20th; thought I would get to take it in, but my leave of absence is up the 15th and will have to pull in. My vacation so far has done me a great deal of good. After being cooped up for a year and then turned loose, you can imagine how I feel.

Will S. Collard.

THE REVIVAL MEETINGS.

The continued rains are interfering to a considerable extent with the attendance on the revival meetings, but there has been no abatement of interest in the services on the part of those who are attending regularly, and Bryan has not for a long time enjoyed a greater season of gospel preaching. The results of the meetings cannot be measured by present manifestations, but will be felt for a long time to come.

At the tent meeting, conducted by Evangelist Meads, there were four professions of faith on Wednesday evening, making a total of eleven since the meeting began. Evangelist Meads is conducting a series of Bible studies in his sermons.

Evangelist Rogers continues his series of practical sermons at the Christian church and his labors have been blessed with a number of conversions and additions to the church.

WHITE'S WILL FILED.

Widow Is Named as the Sole Executrix of the Estate.

New York, July 12.—The will of the late Stanford White was filed for probate Wednesday. His widow is named as executrix, but the value of the estate is not given. The petition for probate states that White left no real estate, and that the value of the personality is not known. After provisions for White's brother, Richard M. White, and for his mother, Alexa B. White, the entire residuary estate is left to White's widow.

Assistant District Attorney Garvan said that his detectives had succeeded in serving a subpoena upon Mrs. Beatrice Schwartz, the woman in whose home, at a dinner party, Thaw is alleged to have made threats against the life of Stanford White.

A story to the effect that William Sturgis, a friend of Harry Thaw, had disappeared after announcing that he would leave the country and not return until after the trial, was set at rest Wednesday when Assistant District Attorney Garvan received a letter from Mr. Sturgis. The letter was dated from Berlin, Conn., where Mr. Sturgis is secretary of the Seward Rubber company. It declares that Sturgis has been available at Berlin at any time during the past six months, and that he has no intention of changing either his present address or his business. Mr. Garvan said that he will arrange to see Mr. Sturgis the latter part of the week. Mr. Sturgis is reported as having been present in the home of a Mrs. Schwartz when Thaw is alleged to have flourished a revolver and threatened to kill White with it.
